7:12 PM – Call to order by Hyrum Jones, Chair.

Minutes of the September 2010 meeting were reviewed by the Secretary. All OK.

Treasurer reported an approximate balance of \$223.

There was some publicity done for this October meeting; one new comer (Gary) showed up.

Gary introduced himself and noted the LPCC needs to focus on growing its membership and being ready for the future. What will attract people to our group: information on particular topics (on our website or on Craig's list) or other methods such as booths at general events? (Lots of discussion, but no action).

Education (main topic for the meeting):

- John noted there are two WA state websites focusing on charter schools. State law rules on this topic.
- A state-wide referendum to allow charter schools was defeated in a 2004 election vote.
- Please review Hyrum's "education overview" article on the LPCC website.
- "Home Link" on-line education operates under county schools.

New Business:

Several people have been working on the development of position statements on the various state initiatives (for the LPCC website). Please review if you have the time.

Meeting was adjourned at 8:55 PM.

Minutes prepared by Ralph Edwards, Secretary.
